Dear Mr B Wolf,

I am writing on behalf of R.C solicitors and
co. It has been brought to my attention that you have been
interfering with my clients and destroying their property.

Furthermore my clients, who are very scared, are severely
traumatised and they won't leave ^{their} ~~there~~ property. I understand
this has become a daily routine for you but if you carry on
this matter will get you temporarily arrested. If you don't
want this to happen then you must not make contact
with my clients anymore.

I am informing you that if you trespass on the
Pigs properties again I will take this matter to court.

Yours sincerely

Well done

Potentially work of the week!
