

Write an acrostic poem about 'Creation'.

An acrostic poem uses the letters of a word to form the first letter of each line in the poem.

For the word "CREATION", the first line of the poem will begin with "C". The second line will begin with "R". This continues all the way down to the last line which will begin with "N".

When writing your poem, try to think about what 'Creation' means to you.

Your name *Madalyn*

*C*reations ~~creation~~ come to life

*R*esting on a hill

*E*arth all things

*A*nimal giving birth

*T*rees up high

*I*nsects all small

*O*ceans filled with fishes

*N*ight till day

✓ Really good Madalyn, well done! ms
