

Mike

Into the room, we all stood in the biggest corridor ever. Then we saw Mr. Wonka he said "Hello you must be the five lucky winners welcome to my factory. come this way." I saw this boy he whispered to me "Hi im Mike can I be your friend?" Yes I said "This is the room where I mix the chocolate said Mr. Wonka" CHOCOLATE !!! shouted Mike "Don't touch it. Did you know that I'm the only person in the world that mixes chocolate by a waterfall, I don't know why it makes it better because I forgot the reason why, anyway on with the tour." Her weird said Mike.

Then I noticed that Mike was wearing a power rangers costume. He had the fright blue eyes and great hair. his suit was mostly red as black and a little yellow. I guess he likes food because he had lots of it in a bag on his belt. And I noticed that he had two Katanas on his back, and I saw that he had a phone. I think it was the shodophone I saw it on the tv.
